

SACRAMENTO REPORT

Committee Will 'Study' Solon's Home Rule Bill

By CHARLES E. CHAPEL
 Assemblyman, 46th District
 On Feb. 17, 1965, I introduced my Assembly Bill No. 1254, which reads as follows:

"Section 23.5 is added to the Penal Code, to read: 23.5 It is not the intent of the Legislature to preempt the fields of criminal aspects of sexual activity and gambling (including gaming, lotteries, bookmaking, and other aspects of gambling), and any county, city or city and county may adopt ordinances in such fields supplementary to state law."

This bill was introduced by me at the request of the mayors, councilmen, city managers, and city attorneys of several cities which are located in or near the 46th Assembly District. The reason for their request was that the California State Supreme Court had rendered decisions in several cases to the effect that a criminal had to be arrested and tried under a California State Statute but not under a city ordinance or a county ordinance.

THESE DECISIONS by the Supreme Court of California are referred to as "preemption cases" because the Supreme Court of California in each decision said that the State of California had preempted the field to the exclusion of cities and counties. Therefore, if my Assembly Bill No. 1254 became a law, it would overcome the adverse State Supreme Court decisions.

Reservations For Chamber Banquet Open

Reservations are now being taken for the Torrance Chamber of Commerce 1964-65 Membership Meeting and Banquet to be held June 25 at the Pen & Quill Hotel.

Cost is \$7.50 per person and reservations may be made by calling the Chamber at 328-2814.

The dinner will feature the presentation of the Annual Architectural Awards and the Distinguished Citizen Award. It will also feature the installation of new officers and directors for the 1965-66 year.

Refreshments will be served at an informal reception at 5:30 p.m. with dinner at 7:30 p.m. A special annual report is being prepared for the occasion.

The Annual Meeting Committee is headed by John O. Schmidt. Members are: Martin M. Denn, George W. Post, John A. Tweedy, James P. Becker, Larry Bowman, Fred Herman, John Flannagan, Frederick G. (Ted) Green, Don Hyde, Bruce Jones, and Arthur L. Reeves.

The event has been a sell-out in the past and early reservations are requested. The ticket reservation forms will be mailed to members this month.

Employees at Douglas Get Record Pay

A record payroll of \$1,610,410 was disbursed by the Douglas Aircraft Group to employees of the Torrance facility.

Jackson McGowen, group vice president, aircraft, said the regular weekly payroll figure of \$484,610 was increased by the distribution of \$1,125,800 in annual vacation and sick-leave checks to more than 3,200 hourly-paid employees of the Douglas Torrance plant.

Individuals participating in the distribution received from one to four weeks additional pay, depending upon length of employment. Payment is made in a lump sum once a year even if employees do not take vacation or sick leave.

Almost 50 per cent of all deaths in the 45-64 year age bracket are due to the cardiovascular diseases, the Los Angeles County Heart Association says. Industry has computed that cardiovascular diseases among men and women in the peak years of their skill and productivity cost the nation at least \$4 billion in lost man-days annually.

had been denied passage by the Assembly Criminal Procedure Committee (sometimes referred to as Assembly Judiciary Committee-Criminal). My bill was heard on May 5. At the hearing, I argued that it was true that in the Carol Lane case the California State Supreme Court held that the State preempted the field of the criminal aspects of sexual activity (prostitution and similar sex crimes) hence

it was necessary to pass my bill into law to give the cities and counties of California home rule in this field.

AT THE SAME hearing, I cited the Hubbard case (62 A.C.116) in which the State Supreme Court had held that a municipal gambling ordinance could prohibit games of chance and that the field of the criminal aspects of gambling, although extensively

regulated by the State of California, was not so extensively regulated as to preclude cities and counties from legislating on subjects as to which the Legislature has remained silent. I argued that even though the State Supreme Court had given this decision, it was necessary to spell out in the statutes of California the same legal doctrine.

The Committee voted to study my bill between the

end of this current regular session of 1965 and the regular session beginning on the first Monday in January, 1966. In other words, my bill was not exactly killed and at the same time it is dead for all practical purposes.

The easiest and cheapest way to obtain California State Supreme Court decisions is to write to Bancroft-Whitney Company, at either of their two addresses. These are 301

Brannan Street, San Francisco; and 122 West First Street, Los Angeles. Explain which decisions you want and ask for "Advance California Reports," which are decisions printed in loose-leaf form in advance of binding them into regular law-book form with hard covers.

FOR EXAMPLE, "Advance California Reports" for Dec. 11, 1964, Pages 73-110, costs one dollar and contains the Hubbard decision mentioned above. Any California attorney will be glad to help you but the State does not publish State Supreme Court decisions in any form, hence I have none available for distribution.

From time to time, some constituent writes and says: "Please send me the Brown Act," probably on the assumption that the Brown Act is merely one little California law. The phrase "Brown Act" is unfortunately a misnomer. It does not refer to Governor Brown. It refers to Ralph Brown, for many years an Assemblyman, a Speaker of the Assembly, and still an Appellate Court Justice. Also, it is not one "Act." It refers to many Acts (Statutes), most of which are found in the series of expensively bound books called "The Government Code." Again, I recommend that you see your family attorney or write to your own friendly city attorney.
